

DERMATOUCH®

SCIENCE BEHIND THE BEAUTY

DERMOCOSMETIC BRAND

What is Dermocosmetics?

Dermocosmetics is now a branch of dermatology using cosmetics in the **scientific management** of a variety of skin disorders & maintain overall skin health

Why Dermatouch?

- + Lack of **effective skincare** solutions in the market
- + Result-driven and **Ingredient-focused**
- + **Preventive and Prescriptive** skincare solutions infused with **clinically proven actives**

Highlights

Dermatologically tested

Clinically proven actives

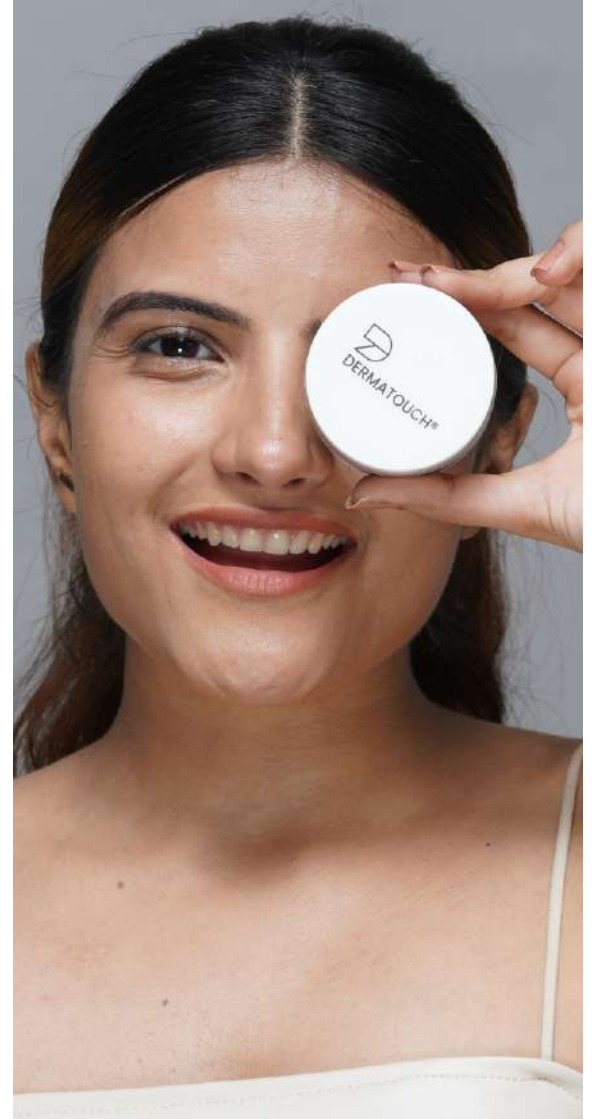

Developed by dermatologists

Fast action formula

Gentle on skin

ANTI-ACNE RANGE

What are Acne & Acne Scars?

Acne is a skin condition that occurs when your hair follicles become plugged with oil and dead skin cells.

Acne scars and marks are formed when a breakout penetrates the skin deeply and damages the tissues beneath it.

Factors Contributing to Acne & Acne Scars

- Bacteria
- Fluctuating Hormones
- Clogged Pores
- Genetics
- Lack of Sleep
- Diet
- Oil-based Beauty Products
- Medication
- Frequent Touching

Protips to Prevent Acne & Acne Scars

- + Properly wash your face
- + Stay hydrated
- + Limit sun exposure
- + Be gentle with your skin
- + Keep your hands off your face
- + Treat your acne breakouts with dermo-cosmetics

Anti-acne Range

SALICYLIC ACID 2% NIACINAMIDE 6%

OIL-FREE GEL

Key Benefits :

- Reduces breakouts and hyperkeratosis
- Maintains sebum balance
- Unclogs and tightens pores
- Promote anti-microbial activity against acne causing bacteria
- Reduces acne inflammation & redness

Active Ingredients :

- + Salicylic Acid 2%
- + Niacinamide 6%

Pack Size : 30 g | 70 g

BYE BYE ACNE SCARS & MARKS

CREAM

Key Benefits :

- Heals acne scars
- Exfoliates dead skin
- Improves density of skin
- Stimulates skin cell renewal
- Improves skin texture

Active Ingredients :

- + Lime Pearl™ AF
- + OA Hydroxytyrosol LD
- + OA Maslinico LD

Pack Size : 30 g

Anti-acne Range

BYE BYE ACNE SPOT

OIL-FREE GEL

Key Benefits :

- Reduces redness
- Soothes irritated skin
- Heals acne prone skin
- Offers clear and smooth skin
- Reduces acne breakouts & pimples

Active Ingredients :

- + Canadian Willowherb™
- + Melafresh™ T96
- + Encapsulated Salicylic Acid

Pack Size : 20 g

SALICYLIC ACID 2% SEBUSTOP 2%

FACE SERUM

Key Benefits :

- Fades acne marks
- Balances sebum production
- Prevents blackheads and whiteheads
- Gently exfoliates dead & dull skin cells
- Minimizes and tightens pores

Active Ingredients :

- + Salicylic Acid 2%
- + Sebustop 2%
- + Dermawhite WF

Pack Size : 18 ml | 30 ml

Anti-acne Range

SALICYLIC ACID 1%

BODY WASH

Key Benefits :

- Reduces back and body acne
- Cleanses acne causing impurities
- Controls excess sebum production
- Unclogs and cleanses body pores
- Evenly cleanses and smoothens skin

Active Ingredients :

- + Salicylic Acid 1%
- + Vitamin E
- + Zinc PCA

Pack Size : 250 ml

SALICYLIC ACID 2%

FACE WASH

Key Benefits :

- Exfoliates dead skin cells
- Controls excess sebum production
- Removes excess oil from pores
- Cleanses acne causing dirt & impurities
- Combats acne for clearer skin

Active Ingredients :

- + Salicylic Acid 2%
- + Vitamin E
- + Zinc PCA

Pack Size : 50 ml | 100ml

Anti-acne Range

SALICYLIC ACID 1%

TONING ESSENCE

Key Benefits :

- Reduces redness
- Soothes irritated skin
- Heals acne prone skin
- Offers clear and smooth skin
- Reduces acne breakouts & pimples

Active Ingredients :

- + Salicylic Acid 1%
- + Glycolic acid
- + Sodium Hyaluronic Acid
- + Niacinamide

Pack Size : 50 ml | 100ml

GLYCOLIC ACID 6% NIACINAMIDE 4%

CREAM

Key Benefits :

- Reduces acne and blemishes
- Reduces pigmentation and dark spots
- Repairs skin from photo-aging damages
- Unplugs clogged pores and improves skin texture
- Reduces small bumps caused by acne

Active Ingredients :

- + Glycolic Acid 6%
- + Niacinamide 4%

Pack Size : 30 g

ANTI-PIGMENTATION RANGE

What is Pigmentation?

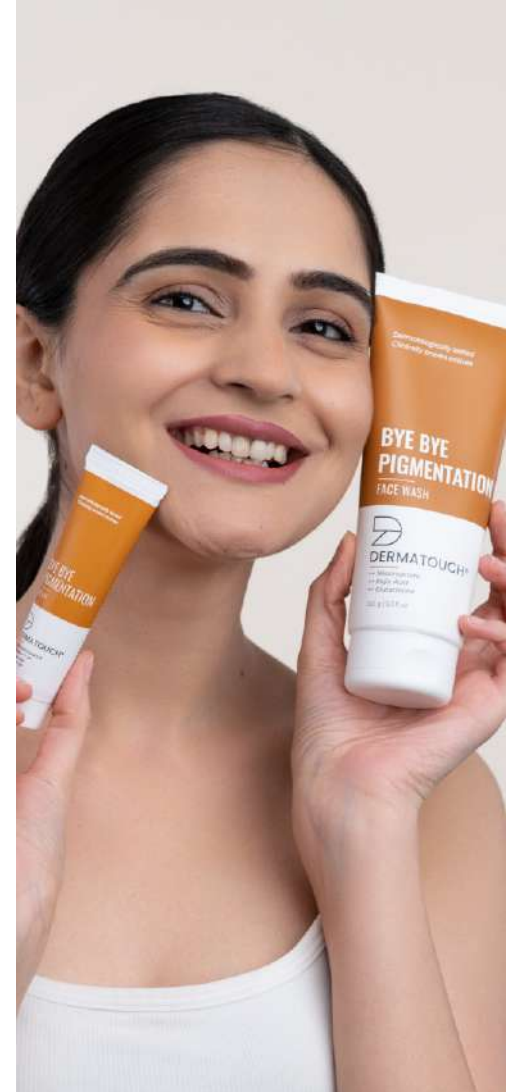

Pigmentation is a condition that causes skin to darken. This may be caused due to excessive melanin production, sun damage or any other factors damaging the skin cells. Types of pigmentation / hyperpigmentation include age spots, melasma post inflammatory hyperpigmentation.

Factors Contributing to Pigmentation

- Sun Exposure
- Hormonal Changes
- Skin Inflammation
- Excessive Melanin Production
- Cosmetics & Chemical Products
- Heredity
- Lack of Vitamins
- Blue Light
- Glycation

Protips to Prevent Pigmentation

- + Avoid direct sunlight
- + Keep skin moist to boost cell turnover
- + Protect skin from the sun by applying SPF 50
- + Limit touching your skin
- + Wear a wide-brimmed sun hat
- + Explore dermo-cosmetics treatment for getting an even skin tone

Anti-Pigmentation Range

BYE BYE PIGMENTATION

CREAM

Key Benefits :

- Reduces pigmentation
- Lightens dark spots
- Reduces melanin production
- Limits blemishes and age spots
- Offers even skin tone

Active Ingredients :

- + OA Hydroxytyrosol LD
- + Lime Pearl™ AF
- + Niacinamide
- + Tyrostat™ - 09
- + β-WHITE™

Pack Size : 20 g | 30 g

BYE BYE PIGMENTATION

FACE WASH

Key Benefits :

- Reduces pigmentation
- Controls sebum production
- Increases production of collagen peptides
- Improves skin appearance
- Cleanses oil build-ups

Active Ingredients :

- + Niacinamide
- + Kojic Acid
- + Glutathione

Pack Size : 70 g | 150 g

Anti-Pigmentation Range

KOJIC ACID 2%

CREAM

Key Benefits :

- Reduces pigmentation
- Restrains melanin formation
- Reduces dark spots
- Inhibit tyrosinase enzymatic activity
- Protects skin against oxidative stress

Active Ingredients :

- + Kojic Acid 2%
- + Niacinamide
- + Tyrostat™ 09

Pack Size : 30 g

BYE BYE NIGRICANS

NAPE, ELBOW, KNEE CREAM

Key Benefits :

- Reduces discoloration caused by Acanthosis Nigricans
- Exfoliates dead skin cells
- Lightens body parts like Nape, Underarms, Elbow, Knees
- Promotes even skin tone & soft skin

Active Ingredients :

- + Urea
- + Lactic Acid
- + Zinc Oxide
- + Retinol
- + Niacinamide

Pack Size : 30 g | 50 g

Anti-Pigmentation Range

BYE BYE HYPERPIGMENTATION CREAM

Key Benefits :

- Reduces hyperpigmentation, blemishes & dark spots
- Reduces skin discoloration
- Reduces marks and spots caused by pimples/acne
- Renews skin cells and evens skin tone
- Radiates and enhances skin texture

Active Ingredients :

- + Glycolic Acid
- + Arbutin
- + Kojic Acid

Pack Size : 20 g

KOJIC ACID 2%

SERUM

Key Benefits :

- Reduces sun & acne caused pigmentation
- Improves appearance of sun spots & dark spots
- Protects from anti-oxidative stress & environmental aggressors
- Lightens hyperpigmentation & blemishes
- Reduces skin discoloration & dullness
- Hinders tyrosinase activity & melanin formation on skin

Active Ingredients :

- + Kojic Acid 2%
- + Niacinamide
- + Alpha Arbutin
- + Witch Hazel Extract
- + D-Panthenol

Pack Size : 18 ml | 30 ml

Anti-Pigmentation Range

ALPHA ARBUTIN 2%

SERUM

Key Benefits :

- Reduces skin tanning caused by UV exposure
- Reduces hyperpigmentation & dark spots
- Reduces tyrosinase activity & acne marks
- Strengthens skin barrier & protects from free radicals
- Protects from UV induced pre-mature age spots
- Reduces blemishes & evens out skin tone

Active Ingredients :

- + Alpha Arbutin 2%
- + Ferulic Acid
- + Hyaluronic Acid
- + Butylresorcinol

Pack Size : 18 ml | 30 ml

KOJIC ACID 1%

SOAP

Key Benefits :

- + Reduces sun spots & damages
- + Reduces discoloration & dullness
- + Cleanses & exfoliates dead skin cells for clear skin
- + Fights skin damages due to free radicals
- + Rejuvenates skin tone & texture

Active Ingredients :

- + Dermawhite™
- + Kojic Acid
- + Glutathione

Pack Size : 75 g

BRIGHTENING RANGE

How does Skin turn Dull & Tired?

Dullness of skin is often a result of both lifestyle and environmental stressors. These internal & external factors make skin appear lackluster, sallow and dull.

Factors Contributing to Dull & Tired Skin

- Ageing
- Dryness
- Dehydration
- Uneven Skin Texture
- Pollution
- Sun Exposure
- Lack of Sleep

Protips to Prevent Dull & Tired Skin

- + Limit sun exposure at peak hours
- + Drinking plenty of water
- + Routine skin Moisturization
- + Regular Exfoliation
- + Maintaining balanced sleep cycle

Brightening Range

BRIGHT & EVEN SKIN TONE

FACE WASH

Key Benefits :

- Cleanses dirt, excess oil and pollutants
- Reduces dark spots, pigmentation & blemishes
- Promotes collagen formation
- Improves skin barrier function
- Maintains natural moisture level

Active Ingredients :

- + Niacinamide
- + Vitamin E
- + Kojic Acid

Pack Size : 70 g | 150 g

VITAMIN C 10%

SERUM

Key Benefits :

- Improves visible signs of aging
- Improves elasticity and firmness
- Repairs from photo-aging damages & fine lines
- Boosts collagen production & fights free radicals
- Reduces sun tanning, dullness & brightens skin glow
- Reduces melanin overproduction

Active Ingredients :

- + 3-O-Ethyl Ascorbic Acid 10%
- + Acetyl Glucosamine
- + Hyaluronic Acid
- + Polyhydroxy Acid

Pack Size : 18 ml | 30 ml

MOISTURIZING RANGE

How does the Skin Turn Dry, Rough, and Flaky?

When the physiological barrier is impaired, Transepidermal Water Loss (TEWL) speeds up, thus making the skin dry and dehydrated. This results in dry, rough, scaly, or itchy patches.

Factors Contributing to Dry & Flaky Skin

- Sun Damage
- Atopic Dermatis
- Harsh Soaps
- Aging
- Long Hot Showers
- Rapid Skin Cell Turnover
- Environmental Factors
- Hard Water
- Medical Treatment

Protips to Prevent Dry & Flaky Skin

- + Avoid long hot water baths
- + Minimize your use of soaps
- + Apply moisturizer immediately after washing
- + Use sunscreen daily
- + Go easy on exfoliants and scrubs
- + Take enough fluids to hydrate from the inside

Moisturizing Range

HYDROSELLA 1% VITAMIN E

MOISTURIZER

Key Benefits :

- Improves skin barrier function
- Reduces water-loss
- Provides fast-paced moisturizing effects
- Promotes anti-oxidant benefits
- Enhances natural defense against free-radicals

Active Ingredients :

- + Hydrosella 1%
- + Vitamin E

Pack Size : 50 g | 125 g

HYALURONIC ACID 2%

SERUM

Key Benefits :

- Provides long-lasting moisturization
- Improves skin elasticity & firmness
- Boosts barrier function of the skin
- Reduces the appearance of fine lines & wrinkles
- Prevents water-loss for a smooth & plump skin

Active Ingredients :

- + Hyaluronic Acid 2%
- + Oligogeline™ PF
- + D-Panthenol

Pack Size : 18 ml | 30 ml

SKIN PROTECTION RANGE

Protection from UVA–UVB, Bluelight, Digital Pollution

What is damaged skin?

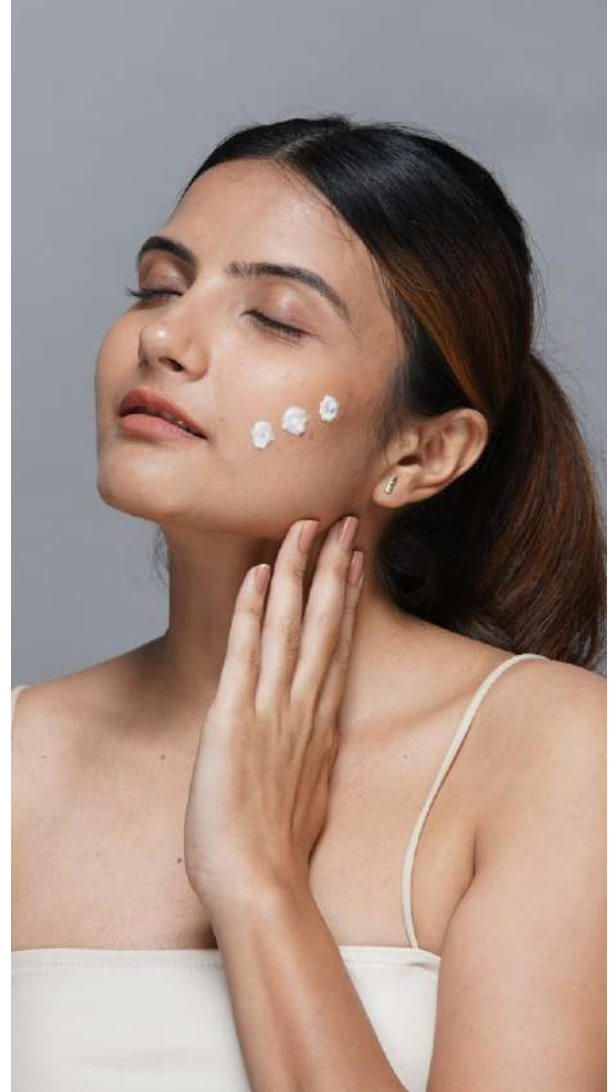

Skin damage occurs when the epidermis of the skin starts to show premature signs of ageing, sun or age spots, deep wrinkles, scars and marks, uneven skin texture, etc.

Factors Contributing to Damaged Skin

- Exposure to the Sun
- Frequent Face Washing
- Smoking
- Poor Diet
- Dehydration
- Chemical Irritants
- Lack of Sleep
- Environmental Pollution
- Poor Cleansing Routine

Protips to Repair & Reverse Damaged Skin

- + Drink sufficient water
- + Eat a balanced diet
- + Get enough sleep
- + Wear clothing that provide UV protection
- + Apply sunscreen
- + Use skin moisturizer

Skin Protection Range

MULTIVITAMIN SPF 50 PA+++

SUNSCREEN GEL

Key Benefits :

- Prevents skin from premature aging
- Prevents sun tanning and sun spots
- Prevents skin from photodamage
- Reduces sun caused pigmentation
- Protects skin from skin damage

Active Ingredients :

- + Allantoin
- + Hyaluronic Acid
- + M-Shuttle SC

Pack Size : 30g | 50 g

ACNE PRO SPF 50 PA+++

SUNSCREEN

Key Benefits :

- Controls overproduction of acne causing oils
- Protects from UV induced photo-aging damages
- Protects skin from pore clogging
- Protects breakout-prone pigmented skin
- Provides hydrated and plump skin
- Reduces acne-inflammation & excess sebum production

Active Ingredients :

- + Aczero
- + SunCat DE
- + Aloe vera

Pack Size : 30g | 50 g

Skin Protection Range

NIACINAMIDE 1% SPF 90+

TINTED BB CREAM

Key Benefits :

- Protects skin against UV damage
- Prevents sun tanning and dullness
- Regulates sebum production
- Minimizes oxidative stress
- Reduces appearance of redness & evens skin tone

Active Ingredients :

- + IBR-TCLC In Jojoba Oil
- + Niacinamide

Pack Size : 15 g | 30 g

HYALURONIC ACID 1% SPF 50 PA++++

SUNSCREEN GEL

Key Benefits :

- Protects from UVA-UVB rays
- Protects from IR rays & sun burn
- Retains moisture
- Minimizes fine lines & wrinkles

Active Ingredients :

- + Hyaluronic Acid
- + SunCat DE
- + Aqua GF

Pack Size : 50 g

ANTI-STRETCH MARKS RANGE

What are stretch marks?

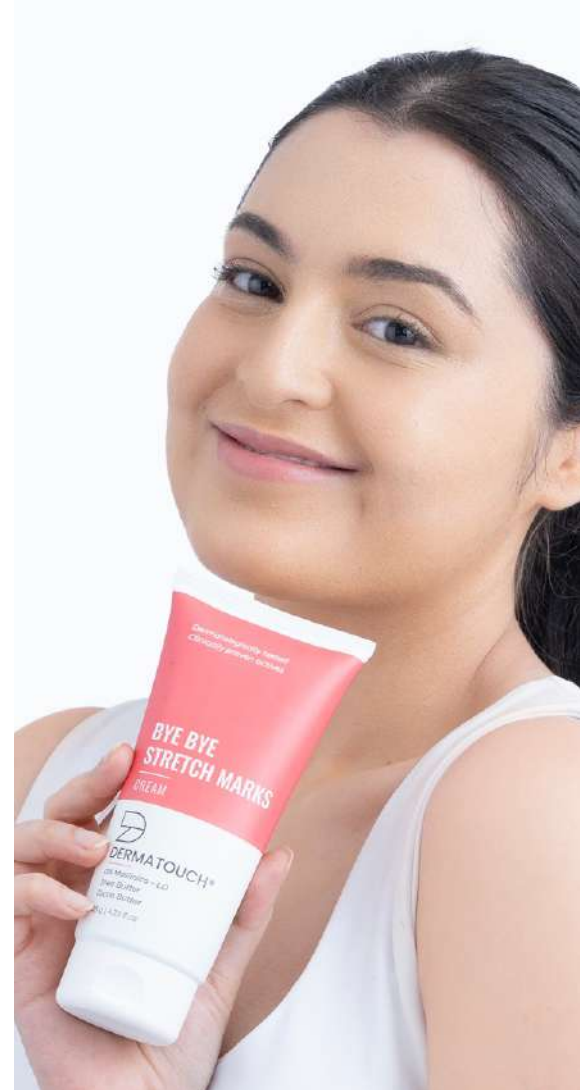

A stretch mark is a type of scar that develops when our skin stretches or shrinks quickly, typically showing up as bands of lines running across the skin

Factors Contributing to Stretch Marks

- Pregnancy
- Rapid Weight Loss
- Rapid Weight Gain
- Rapid Growth in Adolescence
- Rapid Muscle Growth due to Weight Training
- Puberty
- Medical Conditions
- Corticosteroid Use
- Overweight

Protips to Prevent Stretch Marks

- + Control your weight
- + Stay hydrated
- + Eat a nutrient-rich diet
- + Include vitamin C, zinc, & omega-3 in your diet
- + Get regular exercise
- + Treat fresh stretch marks when they appear

Anti-Stretch Marks Range

BYE BYE STRETCH MARKS

CREAM

Key Benefits :

- Fades stretch marks
- Enhances protection and repair mechanism of skin
- Restricts scar tissues from reproducing
- Reduces redness of new stretch marks
- Improves skin elasticity and collagen synthesis

Active Ingredients :

- + OA Maslinico - LD
- + Shea Butter
- + Cocoa Butter

Pack Size : 70 g | 125 g

FOOT CREAM RANGE

What is Dry & Cracked Heels?

Dry, cracked skin on your feet is a common problem that typically develops over time. It occurs in stages, starting with a lack of moisture in the skin. Then the skin on the soles of your feet develops calluses—dry, thickened areas of dead skin caused by repeated friction and/or pressure.

Factors Contributing to Stretch Marks

- Wearing open heeled footwear
- Using harsh soaps
- Dry, cold weather
- Standing for long periods
- Athlete's foot
- Heel spurs
- Nutritional deficiencies

Protips to Prevent Dry & Cracked Heels

- + Use gentle cleansers
- + Daily moisturization
- + Wear proper breathable shoes
- + Soak and exfoliate feet

Foot Cream Range

XERO CREAM

DRY & CRACKED FOOT CREAM

Key Benefits :

- Reduces corns and calluses
- Heals dry and cracked feet
- Exfoliates dead and hard skin cells
- Hydrates and softens skin

Active Ingredients :

- + Urea
- + Lactic Acid
- + Propylene Glycol
- + Liquid Paraffin

Pack Size : 20 g | 50

LIP CARE RANGE

How do Lips turn Dry & Dark?

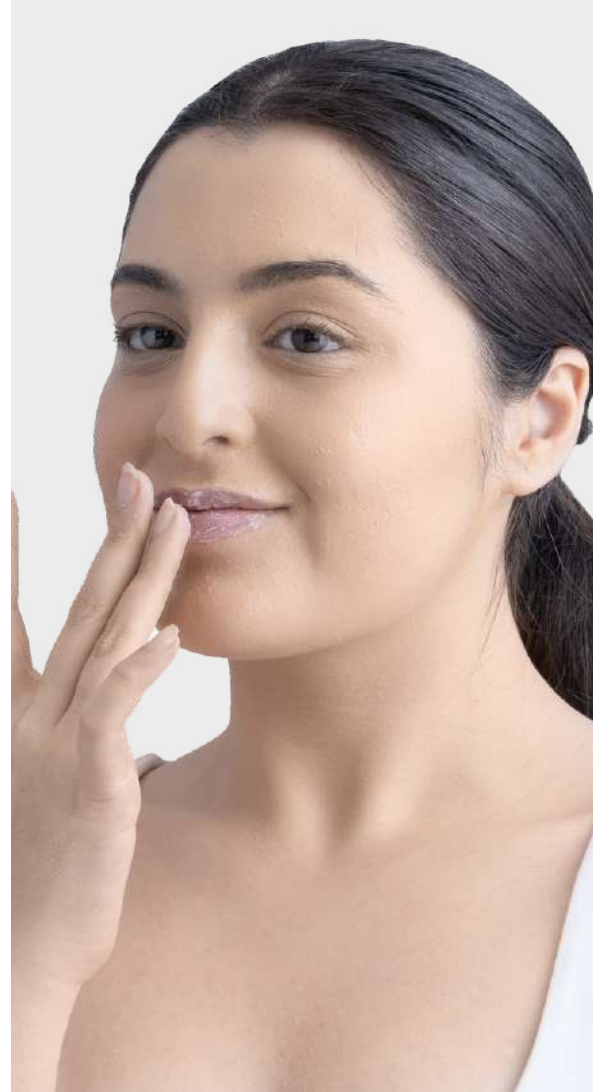

The skin on the lips tends to lose moisture faster. They undergo lot of transitions due to climate change, harsh sun rays and pollution. Dry, cracked lips create dead skin cells, which eventually result in dark lips.

Factors contributing to Dry & Dark lips

- Smoking
- Dehydration
- Pollution
- Caffeine
- Stress
- Vitamin Deficiency
- Medication
- Allergic Reactions
- Excess melanin production

Protips to Prevent Dry & Dark Lips

- + Applying SPF lip balm
- + Quit smoking
- + Drinking plenty of water
- + Regular exfoliation
- + Keeping skin moisturized

Lip Care Range

VITAMIN C 1% SPF 30+

LIP BALM

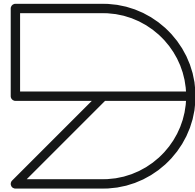

Key Benefits :

- Reduces pigmentation on lips
- Moisturizes & softens lips
- Protects from UV radiations
- Exfoliates dead & dark lips
- Nourishes chapped lips

Active Ingredients :

- + Gwhite® VCE (Vitamin C)
- + Avocado Oil
- + Sallic-210
- + Titanium dioxide

Pack Size : 12 g
